CREATIVE VIDEO EDITOR | VISUAL STORYTELLER

PROFESSIONAL SUMMARY

Creative video editor with 2+ years of experience crafting cinematic edits, travel films, friendship reels, and short-form social content. Advanced in CapCut, with a proven ability to turn raw smartphone footage into polished, story-driven videos — currently expanding into DaVinci Resolve to build a professional color-grading and finishing workflow. Brings an engineer's precision and a filmmaker's instinct for pacing to every project.

SKILLS

Cinematic Storytelling · Pacing & Rhythm · Transitions & Motion Effects · Sound Synchronization · Color Grading · Short-Form / Reels Strategy · Footage Organization

TECHNICAL SKILLS & SOFTWARE

CapCut (Advanced) · DaVinci Resolve (Learning) · Mobile-First Capture Workflow (Samsung Galaxy A54)

EDITING STRENGTHS

– Turning raw, unscripted footage into structured, watchable narratives
– Beat-synced cutting built for retention on Instagram Reels
– Consistent, mood-driven color grading across a full project
– Fast turnaround using a lightweight, entirely mobile-based workflow

SELECTED PROJECTS

Skyline Cinematics — Cinematic
Moody, color-graded city sequence built around negative space and long dissolves.

Wanderline — Travel
Travel montage cut to the rhythm of motion, with match cuts and warm, consistent grading.

Golden Hour, Us — Friendship
Candid moments stitched into one continuous, nostalgic sequence.

Loop / Reel Series — Instagram Reels
Fast-cut vertical content engineered for retention with hook-driven pacing.

The Long Way Home — Storytelling
Short narrative piece with voiceover — first project with a full DaVinci Resolve color pass.

Fragments — Experimental
Glitch-transition edit built entirely from phone footage, exploring texture over resolution.

EXPERIENCE
